Report on Campaigning and Awareness program by NSS-RRIT on “Mega Health and blood Donation Camp” held on 27th Feb2023

RRIT conducted the Mega Health and blood Donation Camp on 27th Feb 2023.

NSS-RRIT actively participated in the awareness of the health camp in surrounding areas.

To understand the community in which we live, work, their relations to that community, and to develop a strong sense of responsibility towards the betterment of society, NSS is a programme that aims the development of each volunteer's personality through community service. NSS-RRIT students actively participated in 2 days awareness program on 25-2-2023 and 26-02-2023. The surrounding area of RRIT like chikkabanavar and Abbigere public are provided with pamphlet and the awareness of mega health camp.

NSS- Students of RRIT volunteered the Mega Health and blood Donation Camp enthusiastically. They were asked to assist the public for different departments of health services. A lot of enthusiasm was seen in the students. The event was conducted successfully with whole hearted participation and awareness about the importance of health. The program was scheduled on 27th February and all NSS volunteers of RRIT spread the awareness door to door in nearby areas. Around 500 public from nearby area are benefited by this health camp. Senior doctors of different department like dentistry, ayurveda, dermatology etc are participated in the health camp. Free medicine is supplied to underprivileged people. Blood donation camp also organised during the health camp.

The program was of grand success with the whole hearted service from doctors, nursing students and NSS volunteers.

Report on Environmental and social awareness program in government school near haroketanahalli – 05/12/2022

NSS- RRIT organized the environmental awareness program on 05/12/2022 in government school near harokethanahalli, Bangalore rural. Around 90 school kids participated in the program. The program started at 11.00AM by painting competition, they were given with the drawing kits and children actively participated. Best painting was awarded with the gift. NSS coordinators gave the awareness about the waste segregation. Prof. Gunasheela P, NSS program officer gave the awareness about the children part in the society in creating the awareness about conservation of water, electricity and other non-renewable resources.

NSS coordinators planted the herbal plants and explained the importance of it. Awareness on being united was done by the children by skit. They played a small skit regarding the unity in diversity followed by the cultural events. Songs related to the Historical places in India and skit regarding the history of chitrdurga ford was played by the government school children. Program was ended with the vote of thanks. Childers of school and NSS coordinators in total actively participated in the event and made the event fruitful.

Report on Vaccination Drive

Our college had organized a free vaccination drive on August 11 2021, to help combat the COVID-19 pandemic. This initiative is aimed at providing free vaccinations to students, faculty, and their family members.

The vaccination drive took place in the college campus, and all the necessary arrangements had been made to ensure a smooth and convenient experience for the participants. Pre-registration for the vaccination was required, and strict adherence to safety protocols were enforced.

The college administration has made arrangements for an adequate supply of vaccines to cater to the needs of all the participants. A team of qualified medical professionals were present to supervise the vaccination process and ensured that it is carried out correctly. Participants were provided with guidance and information about the importance of getting vaccinated.

This free vaccination drive will not only provide free vaccinations to the college community but also create awareness about the importance of getting vaccinated to help prevent the spread of COVID-19.

In conclusion, our college is taking the initiative to organize a free vaccination drive on August 11 2021, to help in the fight against the COVID-19 pandemic. The college administration has made all necessary arrangements to ensure a hassle-free experience for the participants, and qualified medical professionals will be present to supervise the vaccination process. The drive will not only provide free vaccinations to the college community but also create awareness about the importance of getting vaccinated.

Department of Electronics & Communication Engineering

REPORT

Date:16/2/2019

A rally on HELMET Awareness was organized by the department on 13th February 2019 at 3PM

Objective:

To create awareness among public, faculty and students regarding need of helmets in preventing head injuries and death and to promote safe riding habits.

The head and brain is most vulnerable to injury in a motorcycle accident. Drivers and passengers wearing helmets increase their chance of survival significantly over non-helmet wearers. It is important for motorcyclists to understand the risks of riding without a helmet. Riders who do not wear helmets are at risk of suffering a traumatic brain injury if they are in an accident. Without protection, the head is vulnerable to a traumatic impact in an accident even when traveling at low speeds. Because of the fatal risk of traumatic brain injury is so high, it is crucial for motorcyclists to take action to protect themselves while riding. Wearing a helmet that is approved by the Department of Transportation is one of many precautions a rider can take to increase safety on the open road. To create an awareness on the same a rally from RRIT campus to Sathagiri medical college was organized. 27 students and faculty of the department actively participated in the rally.

Report on Walkathon

Walk for Women

The "Walk for Women" walkathon is an event that was organized by our college in association with Sparsh Hospitals. The aim of this walkathon is to raise awareness about women's health and empower women to take charge of their well-being. The event took place on 15th July 2021, and participants from all walks of life are invited to take part.

The event began with a warm-up session led by a fitness instructor, followed by a short speech by the organizers, who emphasized the significance of the event. The participants, who included students, faculty, and members of the public, were all enthusiastic and motivated to participate. The participants were given t-shirts with the logo of the event and some refreshments to keep them energized during the walk.

The walkathon will cover a distance of 10KM and will begin and end at the college campus. The route will pass through Bagalgunte, 8th Mile circle and Jalahalli Metro station giving participants a chance to enjoy the sights and sounds of the city while also supporting a good cause.

During the walk, the organizers distributed flyers promoting women's health and encouraging the participants to maintain an active lifestyle. They also had volunteers stationed at various checkpoints along the route to ensure the safety and well-being of the participants.

The walkathon was open to men and women of all ages, and participants were encouraged to bring their friends and family members along.

Overall, the "Walk for Women" event was a great success, with a large number of participants coming together to promote the importance of women's health and physical activity. The event not only raised awareness about these important issues but also provided an enjoyable and engaging experience for everyone involved.
